

## How to Turn On Game Reminders

Log in to your League Lab account by visiting our [website](#) and clicking Log In in the top right corner.

You should automatically be redirected to your **Player Page**, but if not, you can click on Player Page in the top right corner.

On your Player Page, you will see 3 tabs – Teams, Schedule, and Profile. Click on **Profile**.

Under **Preferences**, set Game Reminders to YES.

The screenshot displays the 'Andrea's Player Page' interface. At the top, there are three tabs: 'Teams', 'Schedule', and 'Profile', with 'Profile' being the active tab. A 'Messages' icon is visible in the top right corner. The main content area is divided into two columns. The left column is titled 'Personal Info' and includes an 'Edit' button. It contains input fields for Name, Email, Phone, Address, Birth Date, and Shirt Size. The right column is titled 'Password' and includes input fields for Current Password, New Password, and Confirm New Password, along with a 'Change Password' button. Below these sections is the 'Preferences' section, which is highlighted with a red border. It contains three toggle switches, all of which are turned 'ON' (labeled 'YES'). The first is 'Message Notifications' (Receive an email when someone sends you a new message), the second is 'SMS Alerts for' (Allow text messages to be sent to your phone), and the third is 'Game Reminders' (Get an email the day of (or Friday before) every game). To the right of the Preferences section is the 'Account' section, which states 'Your Facebook account is linked' and includes an 'Un-link Facebook Account' button.
